#1...YOUR FONDEST MEMORIES FROM WALTER JOHNSON H.S. YEARS:

My fondest memories of WJ are the friends I made while there. As a Broadhurst, I had many cousins that attended over the years. We still stay close by meeting once a month for lunch. Linda Laycock Hale, Kay O'Conner Wright, and Lyn McPherson are "girls" I stay in touch with. Of course, I thank Ed Flocken for a wonderful senior year. I'll always remember 10th grade English with Ed, Joe Scopin and Danny Creggor. And Bob King, you were always somewhere rattling around in my brain. Unfortunately, I didn't like studying, but WJ gave me a wonderful "commercial course" education for my work at N.I.H and the U of MD.

#2...WHAT HAVE YOU BEEN DOING OVER THE LAST 50 YEARS?

Over the last 50 years I have raised a wonderful family – Lisa and Jim and spouses and 5 grandchildren. I've had a great time being soccer mom, football mom, gymnastics mom, etc. Our daughter/husband lived with us for 9 years and raised her 2 girls. Felt like I had a second chance at being a mom. Now all are grown up and we all live in Carroll County, the most peaceful county in MD. My daughter's house is right out my window and my son in less than 10 min. away. What more could I ask for? We are still in good health even after my 3 bouts with cancer. Still very busy with many activities, mostly in church. I am looking forward to another 30 years or so!

#1...YOUR FONDEST MEMORIES FROM WALTER JOHNSON H.S. YEARS:

- The wonderful time I had making friends (some lifelong) and the excitement I had working on the 1964 spring musical 'Music Man' that led to years of enjoyment in amateur theater, including being one of the founders of the Wildwood Summer Theatre
- The exciting WJ victorious basketball game against BCC that led WJ to a try at Maryland state championship
- Good times that led to decades of wonderful friendships with Peter Gutterman, (Dr.) Mark Goldstein, Phil Roth, Paul Moyer, and John West
- Joining teachers and friends outside for folk singing with lifetime friend Peter Gutterman who provided the first rate guitar accompaniment
- The first day of school at WJ with principal Mr. Gregory urging us sophomores to not live our lives on the sidelines

#2...WHAT HAVE YOU BEEN DOING OVER THE LAST 50 YEARS?

- In 1965 one of the founders of the still going only DC area all-youth musical theatre company, Wildwood Summer Theatre
- Studied mechanical engineering for two years and then went on to get a BA degree at The American University
- Successful 34 year career as a mechanical design engineer including many years in engineering management
- Was a single dad for a while raising my beloved daughter Abigail traveling extensively in the U.S. and Europe
- After the earthly loss of my daughter Abigail, University of Virginia Echols and pre-law honor student, at 21 to cancer, started the non-profit Abigail Alliance for Better Access to Developmental Drugs (Abigail Alliance) in 2001
- With some successes that have saved thousands of lives, continue to work heading-up the Abigail Alliance as we continue to move the FDA forward to grant more access to promising drugs in clinical trials for children and adults that have run out of FDA approved options in their battle to live
- After 20 years of being single again, met my lovely wife Paula in 2003 that now includes six grandchildren I thought at one time I would never have, and filling the gap for their biological grandfathers who are no longer here on the earth
- Currently very much enjoying life with many friends and my wife Paula and doing many social activities here in the over 55 community Spring Hill, including much work on community landscaping and environmental projects

#1...YOUR FONDEST MEMORIES FROM WALTER JOHNSON H.S. YEARS:

I went to WJHS my sophomore year and moved away. I would have graduated with this class and I made a number of friends while at WJHS, which is why I had my name added to the list of graduates. Most of the classmates were friends throughout elementary and junior high.

I went to Alta Vista one year[K] then attended Wyngate elementary through 6th. Next I went to North Bethesda Jr. High 7-9.

Among my memories is a snow that started with very fine flakes and soon became a near blizzard so that school was dismissed early. I think there is a picture in the yearbook from that year.

I remember skipping school to attend the John Glenn parade – only to find out later that school was dismissed early for that purpose.

#2...WHAT HAVE YOU BEEN DOING OVER THE LAST 50 YEARS? *It has been 50 years – wow. The move, my dad got a new job with World Health Organization and we were to move to Jamaica. That plan was derailed when we discovered that he had Alzheimer's disease. We rented an apartment since our home was rented with a years contract. I attended Bethesda Chevy Chase my junior year, that was a fast year. My parents had relatives in Neosho, Missouri and we moved again this time to Neosho, Missouri. I attended Neosho HS my senior year. After graduation I attended a VoTech at [then] Pittsburg State Teachers College in Pittsburg, Kansas. I enlisted in the Marine Corps just barely ahead of the draft and became a Fire Control Radar Technician and worked on F-4 Phantom.*

When I exited USMC I returned to college and earned AAS at Crowder College. A few years later I was asked to teach at Crowder and accepted the position. I taught at Crowder 1978 to 1990 While teaching at Crowder College I earned my BS degree at Missouri southern University Joplin Mo. I left Crowder in 1990 to accept position working for the FFA teaching avionics. This was an upward mobility program. The DOT closed the program [not my fault] two years later.

I accepted a teaching position at North Arkansas College [Northark] and taught electronic technology subjects and a number of other courses. The last eleven years at Northark I mostly taught Cisco Networking Academy courses including CCNA and CCNP curriculum.

I retired in 2010 with my health and happiness intact.

My wife Jan and I celebrated our 45th wedding anniversary October this year. She deserves the greatest credit for putting up with so much for so long. In my heart she has earned the title of Marine.

We have been blessed with three daughters who have blessed us with 7 grandchildren.

Jana Charter D'Amico has two children

Brett -19- is now attending North East Oklahoma A&M in Miami, OK

Baylee - 18- is in her senior year at Rogers, AR HS

Tara Charter Knowler has two children

YOUR FONDEST MEMORIES FROM WALTER JOHNSON HIGH SCHOOL YEARS:

I would like to go back and re-live my WJHS years again—not because I did so well, but because I did not do so well. In fact, my WJ years remind me of this apocryphal colloquy: Student to Teacher: "You gave me a zero on my test. I don't think I deserved a zero." Teacher: "Neither do I, but that was the lowest grade I could give you." Perhaps my best memories come from my involvement with music, inspired by the musicians who used to hang out at the old smoking area, and brought into focus through trumpet lessons with Dave Teel (WJ's principal trumpet player). This led to my participation in the band at WJ and in college, and some good times at both places. Other memories relate to friendships established at WJ. I have been in contact with many of my WJ friends all these years; and we have served as a mutual support group through life's rites of passage. For me, WJ was a mass of missed opportunities. If I had it to do over, I might do better. Maybe.

WHAT HAVE YOU BEEN DOING OVER THE LAST 50 YEARS?

I spent two years at Muskingum College in Ohio. (Dottie Weymouth was briefly a student there also.) Tuition was \$595/semester! When our German professor gave us a choice of taking an exam or going around town singing German Christmas carols, we opted for singing. Among those we serenaded (on a bitterly cold night) was the family of John Glenn (Muskingum's most famous alum). I was in two dramatic productions, and thus appeared on the same stage on which Agnes Moorehead had performed four decades earlier. After two years in Ohio, I transferred to American University. During my undergraduate years, I worked summers at Garrett Park Esso, with such other former WJ students as Ken Henderson, Jim Clark, Bob Mortland, and Brian Sherline. After graduating from American University, I worked for several years at Sibley Hospital, where I was in charge of storeroom inventory. Thereafter, I was in graduate school, first at American University, then at the University of Maryland, where I also served as a teaching assistant. All of that training in history led to employment at the National Archives. It was at the National Archives that I met my future wife Dale, whom I married several years later—Bob Spaulding (the only clergyman produced by the Class of 1964) helped conduct the ceremony, and WJ grads Gary Rowland and Don Taylor filled in as ushers. Dale and I and our son Jason took two trips to Europe, and Dale and I turned out to watch Jason act in theater productions at Montgomery College and George Mason University. Last spring, we flew to North Hollywood to visit Jason, who is now an aspiring actor. Life has been good.

#1...YOUR FONDEST MEMORIES FROM WALTER JOHNSON H.S. YEARS:

At my age, I forget!

The best times for me were when we did things as a group -- rallies, dances, shows, etc. I felt like we all got along very well. I was blessed to be surrounded by good people that I liked and respected.

We were lucky young people -- raised in a nice area and provided with some of the best education available in the country.

#2...WHAT HAVE YOU BEEN DOING OVER THE LAST 50 YEARS?

Wow! Big question.

My best answer is: getting an education, getting married, serving in the Navy, having a family, raising a family, earning a living, running homes, supporting my church and community.

I think everyone expected me to go into politics, and I did for awhile. With kids in the local schools where we lived in PA, I ran for a 6 year term for the School Board -- with 7000 votes cast, I won by a staggering 40 votes. But several years into my service, I came to dislike it. I realized that I could not be a husband and father to 3 small children and be a politician -- too many nights, weekends, phone calls, etc. demanded of me. I was asked to run for higher office, but declined. My work with my church, Lions Club, local Fire Company, and Historical Society fulfill my need for community involvement.

Making life-long friends with people like Dru Ramey, Andy Blasky, Janet Rasmusen Bornhoeft and Toni Weigman Doilney

#2...WHAT HAVE YOU BEEN DOING OVER THE LAST 50 YEARS?

I went to Wells College and graduated with a degree in Philosophy. Then I went to American University Law School. Out of law school I was hired by a Wall Street law firm (I was the 7th woman hired). I practiced corporate finance law in Manhattan and then in Los Angeles. In 1989, when I was 42 (and he was 47), I met my Life-Dream Enabler in Los Angeles. We moved to Washington, DC together for work and then Jakarta, Indonesia, also for work. In 1995, we started on what was supposed to be a nine month sabbatical trip from Jakarta to Istanbul (to work again), when we decided to retire and travel the world as full time global meanderers. We have done that from 1995 to 2014 and may continue to (or not). Took up long distance running after getting burned out on basketball in 2nd year of Law
School; ran Gold Coast Marathon and Boston Marathon in 1973. Now I am content to
hike with my wife and two children anywhere there is a trail but especially in National
Parks.
